Santa pays a visit every year during December to Riverside, the home of Fort Benning's Commanding General. Join us **5:30-8:30pm December 12** for this popular free event, which includes prizes, games, face painting, cookies and cocoa, and a chance for your children to meet Santa Claus, climb on his lap, and share their hopes and dreams for world peace, an end to hunger and a viable alternative energy source — or an iPhone X. Dress warmly and expect long lines. Riverside is at the intersection of Vibbert Avenue and Lumpkin Road. For more information, call 706-545-1853.

LETTER FROM DIRECTOR

AL GELINEAU

Director of Family and Morale, Welfare and Recreation

This has been another busy year for Family and MWR. The MWR team and I have worked hard all year to deliver first-class programs and services to you, our extended family.

The holidays are about food, family activities, and traditions. For me, the smells, tastes and decorations bring back many fond memories. They remind me of things I did as a child, and now do with my family to keep traditions alive and to create new ones.

Family is not just relatives, but also the people we meet or work with, the bonds we create, the Army is a family. We are all part of the Army family. The strength of our nation is our Army. The strength of our Army is our Soldiers. The strength of our Soldiers is their families. Serving the needs and interests of our Soldiers, families and civilians is MWR's mission. Throughout the year, members of our Army family sacrifice time away from their loved ones during deployments, they sacrifice friendships and a stable home life each time they must relocate, and they sacrifice peace of mind because they love someone in a dangerous occupation or place. Our hearts are full of love, joy, and respect for the sacrifices our military families make and endure.

So, at this time of the year, no matter your religious or spiritual beliefs, the holidays for most people involve some understanding that we should be celebrating something very special and sharing time with family and friends. The holidays are a time to reflect, to take a good look around. They are about finding something spiritual and wonderful about ourselves, our lives, and the people who fill them. During this

time of the year we give thanks and show appreciation for our families; most importantly the men and women who give so freely to allow us continued freedom.

Your Fort Benning MWR Family will be here every step of the way to continue support for you and your Army family. The year may be drawing to a close, but we're not done yet. In this issue of On The Go you'll find many holiday activities, promotions and specials. I hope you are able to enjoy them and enjoy time with your family!

Happy Holidays

OUR MISSION

Operation Homefront provides emergency financial and other assistance to the families of our service members and wounded warriors.

- ★ Operation Homefront leads more than 2,500 volunteers with nationwide presence who provide emergency and other financial assistance to the families of service members and wounded warriors.
- ★ The financial assistance we provide to military families is in the form of grants, not loans, paid directly to service providers for needs like car and home repairs, utilities, and rent or mortgage payments.
- ★ Our morale programs are based on making life easier for military families with tangible support that demonstrates that the American people care about their struggles.

WHAT IS THE SOLDIER'S ROLE IN BOSS?

Without Soldiers, there is no BOSS program. Every company, battalion, regiment and brigade will have a primary and alternate representative on orders for this additional duty. These Soldiers should be highly motivated with leadership potential and willingness to work for their fellow Soldiers. In addition, every company in each major subordinate command, will have a primary and alternate company representative. Representatives act as liaisons, passing information to the Soldier and relaying questions, comments and concerns from the Soldier to BOSS Council members and the chain of command.

WHAT DOES BOSS DO?

Every Army installation is authorized a BOSS program, with a president, representatives from each major subordinate command, a senior military advisor (usually the Post Sergeant Major or Garrison Sergeant Major) and advisor from MWR, who assists with financial planning, marketing and guidance.

Our socials are held monthly during the last week of the month. Fort Benning's BOSS program headquarters is located in the Main Post Recreation Center. For more information, call 706-577-1054 or 706-545-1926.

When do you plan for the holidays?

When is the best time to plan for the holidays? The day after, but most of us are still cleaning up wrapping paper, enjoying the extra time to sip our coffee, and recovering from a food coma.

Before you break the bank buying multiple gifts for each child, loved ones, and family member, let us look at some numbers that might change your mind. Did you know that 25% of people with a 2-car garage do not use it for their car? And 34% only put one car in there. What does that mean? We have too much stuff!! Seriously. Think about giving one meaningful gift that will be useful and not just take up space starting on December 26.

Perhaps you do something completely different this year and consider the people you are shopping for and how you can support their future with your gift. My love language is quality time. Being present in the moment, making good eye contact, and being “all in” during a conversation or family gathering, as well as, engaging in active listening (and putting your phone away), is our favorite gift. Perhaps you could even offer to spend one-on-one time together, doing something you both enjoy.

Others may resonate with tangible gifts. How do you give gifts without breaking the bank? **BUDGET.** Some gift ideas for a family could be to wrap 24 different books and place them under the tree, the last day of November. Let one child pick one gift each night; unwrap it and read it together, doing so each night until Christmas Day! It could become a special tradition, would encourage reading, and be a great way to spend quality time together. Some other great gift ideas could be restaurant gift cards, offer to watch a person's pet if they leave town, or tickets to a concert, movie, etc. Calling all crafty DIYers; save some money and make your gifts. Check Pinterest for a ton of ideas to get your creative juices flowing. Don't guess what you can afford or deal with the debt afterwards! Schedule an appointment with an ACS Financial Counselor today at 706-545-7517 or visit us on Facebook at Fort Benning Financial Readiness. Remember that showing love does not mean going into debt!

FAMILY ADVOCACY PROGRAM

MILITARY FAMILY WEEK November 25-27

The Family Advocacy Program (FAP) salutes our military Family! We appreciate your dedication and we recognize the sacrifices you make every day in our community. We want to take this time to express our appreciation, dedication and the many sacrifices make Soldiers and their Families.

Many military Families serving around the world, and especially here at Fort Benning, on or off post are separated from their own hometowns, their families and their friends. We realize that many families are separated from each other because of deployments and military duties.

We want to take this time to show our appreciation and honor you. To show our appreciation the FAP will have a display of educational materials, awareness items and a free “awareness tote bag” available for you November 25-27. We are located at 7131 Richardson Circle Building 36. Please drop by and pick up the special items we have especially for you because of ALL you do.

We want to remind everyone that Military Family Week is celebrated during the Thanksgiving Holiday Season November 25-29, 2019.

For additional information on Military Family Week, contact FAP personnel at 706-545-3202, or 706-626-2614.

INSPIRED GIVING

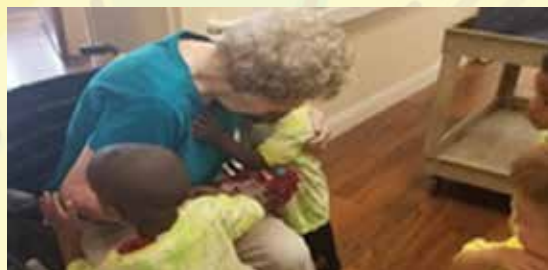

At 1st Division CDC we are role modeling and encouraging our children to give. This opportunity encompassed an enlightening trip, on National Senior Citizen's Day to Orchard View Rehabilitation Center and Skilled Nursing Home where our Preschool class did just that. By collecting donations center-wide from all the classrooms, parents, and staff, we were able to take much needed items to donate to the residents at Orchard View Nursing Home.

Teaching children the importance of social awareness and giving back to the community is vital to ensure they grow to be empathetic, compassionate and caring. It is essential that we create and offer opportunities to the children in our care in an effort to support the understanding of why and how to help others. Children have a natural drive to be kind and generous, and it is on us to nurture their inner motivation for kindness. At 1st Division CDC, we begin by role modeling the behaviors we desire to see in the classroom and explaining why we are kind and generous to others throughout the process. In doing so, our goal is to help our children understand the "golden rule" to treat others as you want to be treated and that they themselves will begin to feel compelled to help others. First, it is important to recognize that their help is actually needed.

Giving nurtures a child's social/emotional skills, which is a part of the learning objectives included in our classroom curriculum. Encouraging giving taps into a child's strong tendency for empathy, something

much needed in the world today. We helped them see the impact of their giving which allows this behavior to grow as they seemed to genuinely enjoy handing out goodies more than receiving goodies themselves. Because of the recipient's joy in response to their generosity, this creates a positive reactions to being kind to others.

The children in our preschool class of whom are majority a part of a military family, often live separate from their grandparents related to the residents as grandmas and grandpas, much to the residents delight. The residents are always so thrilled by each visit that it has become a quarterly habit, and the children are always so excited to go back. The children amazed staff and residents by their enthusiasm and zeal towards giving to others. Some residents were so moved they wanted to offer something to the children, others simply patiently answered any and all questions asked by our children with a smile. We are always invited back, and eagerly look forward to going and giving more!

AUTO SKILLS CENTER
Marchant Avenue | 706-545-2337

One of the Army's largest auto repair centers, with 42 bays, the Fort Benning Auto Skills Center employs certified mechanics and training instructors who stand ready to help you repair or customize your car. You-do-it customers have on-site access to a free computer program that provides easy-to-read, step-by-step instructions on every kind of repair imaginable. It will also tell you what parts you may need to purchase and what you should expect to pay for them. You'll likely find them in stock at the Auto Skills Center, priced less than you'll find off post, and tax free!

For those without the time or inclination to make repairs themselves, the Center offers the same mechanical services one might find off post, such as tune-ups, around the clock towing, brake inspections and repairs, tire services, air conditioning checks and charges and so much more, at prices less than you would pay elsewhere.

The staff at the Center makes themselves available by appointment for classes and demonstrations for Scout groups, SFRGs and more. To schedule a class, a free vehicle safety inspection or a pre-purchase inspection, call 706-545-2337.

Take 10 years off your vehicle. Fort Benning's Auto Skills Center offers a service to remove the 'cataracts' from your headlights and restore their luster for only \$40. Replacing your headlights costs more than \$300. Why spend that much money if they work perfectly fine? Unlike those spray applications folks offer at your local shoppette or gas station, restoration removes the damage, it doesn't cover it up. Your like-new headlights will last for years. Call 706-545-2337 for more information.

DOG WASH

Attached to the Main Post Car Wash, our do-it-yourself, climate controlled dog wash is the first of its kind on a U.S. military installation. You may use your credit card or the reloadable MWR Car Wash Card for washing, drying and, flea and tick bathing options. Open 24/7.

Climate changes don't affect just you—they also affect your car! The winter months, although mild in this region, can be hard on your vehicle. Cold temperatures, dirt, and residue can all cause problems. However, there are some simple checks and maintenance items you can do that will help your vehicle stay in top condition.

1. Good visibility. If your wipers are leaving streaks of water on the windshield, or if the wiper-blade rubber shows any signs of cracking or stiffness, replace them with a new set. Be sure to keep your windshield wiper fluid reservoir full with a washer solution that contains antifreeze agents to prevent it from freezing.

Check all the lights on your vehicle to ensure they are properly working and are cleared of snow and ice. This will optimize your visibility at night and other motorist's vehicles lights motorists will be able to see you.

2. Check your Cooling System. The antifreeze protects your engine from both freezing in cold weather and heating up on hot days and also helps to cut back on the corrosion in the cooling system. It is important to keep the cooling system full with equal parts 50:50 ratio of water/antifreeze mixture which is considered the norm and will keep the antifreeze from freezing at temperatures as low as -34 degrees Fahrenheit.

3. Check your Hoses and Belts. Extreme cold can cause rubber parts to become brittle and fail. Have your belts and hoses inspected. If something snaps or breaks while you're out on the road, a tow truck may be the only way to get moving again at that point.

4. Keep the Gas Tank Full. Running out of gas in freezing weather conditions would not be good. Not only is it helpful to have fuel in the case of bad weather but it helps to prevent moisture from building up in the fuel lines.

5. Keep the Battery in Good Shape. Car batteries typically last from 3 to 6 years. Winter months are harder on your vehicles engine and this puts an extra strain on the vehicles battery. Visually inspect the battery for a white or blue/green powdery substance

FROM AUTO SKILLS:

around the battery terminals this indicates corrosion, look at the terminals themselves, check to see if they are cracked loose or broken and repair or replace as necessary. A lot of batteries these days are known as maintenance free which means that they can only be cleaned/tested, other batteries have cell caps which can be removed and distilled water can be added if needed to bring the liquid level to full. Having the battery, starting and charging systems checked before the winter season begins is a good idea.

6. Check your Defrosting and Heating Units. When our windshield fog up in the winter time it is because moisture from inside the vehicle condenses on the glass and as you know makes it very difficult to see. Defrosters solve this problem by blowing warm, dry air over the glass. If the heater in the vehicle does not blow warm, there may be a problem with the heater core or climate control system and needs to be checked/repared before winter.

7. Check Tires and Spare. Your Tires and their condition are always important but particularly during winter time driving. Ensure that the Tire Pressures are what the manufacture has recommended in the owner's manual, this info is usually also found inside the driver's door on a small sticker. The tread on deflated tires close up and significantly decrease traction, which can increase the likelihood of sliding on icy patches. If you live in areas that get significant amounts of snow/ice, purchasing snow or winter tires will offer improved traction, braking and control.

8. Keep an Emergency Kit. Always travel with an emergency kit in your vehicle as an emergency situation can happen at any time. The kit should include bottles of engine oil, washer fluid, antifreeze, an ice scraper, flash lights, a flare, jumper cables, first aid kit a blanket, an extra pair of gloves, boots and maybe even an extra jacket and most important food and water.

Drop off repairs: Weekdays: 730am-330pm, closed holidays
